PCA Skin - The Sensitive Dry Skin Solution

Product ID: 14755

This solution contains clinically proven ingredients to control persistent flushing in sensitive or rosacea-prone, dry skin. When used as directed, it will minimize irritation and maximize skin function to leave skin calm and even.

Phaze 42 Anti-Redness Serum (.25 oz): PCA anti-redness serum is a corrective formula for the reduction of redness in those with persistent flushing, sensitive skin conditions and overexposure to UV rays. This clinically proven blend minimizes irritation and improves microcirculation to leave skin calm and even.

Phaze 41 Creamy Cleanser (1 oz.): This gentle, hydrating cleanser will effectively remove dirt, debris and makeup without stripping skin of essential moisture. A nourishing blend of rose hip seed oil, aloe and amino acids infuses skin with antioxidant and cell-regenerating benefits for radiant, younger-looking skin.

Phaze 6 Hydrator Plus SPF 25 (.25oz): A nourishing moisturizer formulated for normal, dry or mature skin types for daytime UV protection and hydration.

Phaze 17 ReBalance (.25 oz): A soothing treatment which helps to repair reddened, irritated or

traumatized skin. Also recommended following chemical peels, microdermabrasion and laser resurfacing procedures. For use on the entire face, neck and chest. An excellent light nighttime moisturizer.
